**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF  
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY NEW EQUIPMENT(SPECIAL ITEM  
NUMBER 132-8) AND USED OR REFURBISHED EQUIPMENT (SPECIAL ITEM NUMBER 132-9)**

**1. MATERIAL AND WORKMANSHIP**

---

All equipment furnished hereunder must satisfactorily perform the function for which it is intended.

**2. ORDER**

---

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.

For credit card orders and BPAs, telephone orders are permissible.

**3. TRANSPORTATION OF EQUIPMENT**

---

FOB DESTINATION. Prices cover equipment delivery to destination, for any location within the geographic scope of this contract.

When deliveries are made to destinations outside the 48 contiguous States, i.e., Alaska, Hawaii, the Commonwealth of Puerto Rico, and such overseas locations as specified, and are not covered, the following conditions will apply:

Delivery will be f.o.b. inland carrier, point of exportation (FAR 52.247-38), with the transportation charges to be paid by the ordering activity from the point of exportation to destination in Alaska, Hawaii, the Commonwealth of Puerto Rico, and such overseas locations specified, as designated by the ordering office. The Contractor shall add the actual cost of transportation to destination from the point of exportation in the 48 contiguous States nearest to the designated destination. Such costs will, in all cases, be based upon the lowest regularly established rates on file with the Interstate Commerce Commission, the U.S. Maritime Commission (if shipped by water), or any State regulatory body, or those published by the U.S. Postal Service; and must be supported by paid freight or express receipt or by a statement of parcel post charges including weight of shipment.

The right is reserved to ordering activities to furnish Government bills of lading.

Ordering activities will be required to pay differential between freight charges and express charges where express deliveries are desired by the ordering activity.

**4. INSTALLATION AND TECHNICAL SERVICES**

---

- a. **INSTALLATION.** When the equipment provided under this contract is not normally self-installable, the Contractor's technical personnel shall be available to the ordering activity, at the ordering activity's location, to install the equipment and to train ordering activity personnel in the use and maintenance of the equipment. The charges, if any, for such services are listed below, or in the price schedule:

Self-Installable

- b. **INSTALLATION, DEINSTALLATION, REINSTALLATION.** The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not

apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

c. OPERATING AND MAINTENANCE MANUALS. The Contractor shall furnish the ordering activity with one (1) copy of all operating and maintenance manuals which are normally provided with the equipment being purchased.

---

**5. INSPECTION/ACCEPTANCE**

---

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any equipment that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming equipment at no increase in contract price. The ordering activity must exercise its post acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

---

**6. WARRANTY**

---

- a. Unless specified otherwise in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.
- b. Limitation of Liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.
- c. If inspection and repair of defective equipment under this warranty will be performed at the Contractor's plant, the address is as follows:

BLACK BOX CORPORATION OF PENNSYLVANIA  
Returns Department  
1000 Park Drive  
Lawrence, PA 15055  
724-746-5500

---

**7. PURCHASE PRICE FOR ORDERED EQUIPMENT**

---

The purchase price that the ordering activity will be charged will be the ordering activity purchase price in effect at the time of order placement, or the ordering activity purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less.

---

**8. RESPONSIBILITIES OF THE CONTRACTOR**

---

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

---

**9. TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT**

---

When an ordering activity determines that Information Technology equipment will be replaced, the ordering activity shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

**1. SERVICE AREAS**

---

Repair services for Items purchased from catalog will be performed at the Contractor's plant listed below:

BLACK BOX CORPORATION OF PENNSYLVANIA  
1000 Park Drive  
Lawrence, PA 15055  
Technical Support  
724-746-5505

To arrange for service on telecommunication equipment, please call 877.429.2375 (24/7)

**2. ORDER**

---

- a. Orders: Agencies may use blanket purchase orders, individual purchase orders, or small order procedures for ordering repair and maintenance service under this contract. Blanket purchase orders shall not extend beyond the end of the contract period. Written orders, EDI orders, credit card orders or, in the case of BPAs or BOAs, telephone orders are permissible.
- b. Contractor Obligations. The Contractor shall honor orders for maintenance for the duration of the contract period or a lesser period of time. Maintenance service shall commence on a mutually agreed upon date, which shall be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of equipment. Orders for maintenance service shall not extend beyond the end of the contract period.
- c. Discontinuance. Maintenance may be discontinued by the Government on thirty (30) calendar days written notice, or shorter notice when agreed to by the Contractor; such notice to become effective thirty (30) calendar days from the date on the notification. However, the Government may extend the original discontinuance date upon written notice to the Contractor, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.
- d. Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30<sup>th</sup> of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.
- e. Cross-year Funding Within Contract Period. Where an ordering office's specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, the ordering office may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- f. Notification of Termination. Ordering offices should notify the Contractor in writing thirty (30) calendar days prior to the expiration of maintenance services, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

### 3. LOSS OR DAMAGE

---

When the contractor removes equipment to his establishment for repairs, the contractor shall be responsible for any damage or loss, from the time the equipment is removed from the Government installation, until the equipment is returned to such installation.

### 4. SCOPE

---

- a. Covered Maintenance. The Contractor shall provide maintenance for all equipment listed herein, as requested by the Government agency during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of this Information Technology Schedule.
- (1) Maintenance. The Contractor shall provide maintenance (labor and parts) at the prices shown in the price list below and shall keep the equipment in good operating condition. Maintenance service shall consist of Preventative Maintenance (if normally provided for the equipment) and Remedial Maintenance, as defined below.
  - (2) Preventative Maintenance (PM). Preventative Maintenance is that maintenance, performed by the Contractor, which is designed to keep the equipment in proper operating condition and which is performed on a scheduled basis. The Contractor shall also specify, in writing, the frequency and duration of the preventative maintenance required for the equipment listed in the order, and the Government shall specify the schedule for the performance of the preventative maintenance. A PM schedule may be modified by mutual agreement.
  - (3) Remedial Maintenance (RM). Remedial Maintenance is that maintenance, performed by the contractor, which results from equipment failure, and which is performed as required on an unscheduled basis. Remedial Maintenance shall be performed after notification that the equipment is inoperative.  
  
The contractor shall provide the Government with a designated point of contact and shall make arrangements to enable the contractor's maintenance representative to receive such notification.
  - (4) Principal Period of Maintenance (PPM). The basic monthly maintenance charges set forth in the price list shall entitle the Government to maintenance service during a Principal Period of Maintenance. "Principal Period of Maintenance" is defined as any eight consecutive hours per day, plus an official meal period not to exceed one hour per day, Mondays through Fridays, excluding holidays observed at the Government installation. The PPM is typically 8:00 am to 5:00 p.m., Monday through Friday, local time.
- b. Operating Condition. Equipment placed under maintenance service shall be in good operating condition.
- (1) If the equipment was under the Contractor's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order, the costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor..
  - (2) If the equipment was not under the Contractor's guarantee/warranty or maintenance responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the Government, in accordance with the provisions of Special Item Number 132-12 (or outside the scope of this contract).
  - (3) The Government shall provide to the Contractor a certificate of maintainability issued by the Original Equipment Manufacturer (OEM) prior to assumption of maintenance responsibility by the Contractor.

**5. RESPONSIBILITIES OF THE GOVERNMENT**

- a. Government Repair. Government personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by the Contractor.
- b. Contractor Access. Subject to security regulations, the Government shall permit access to the equipment which is to be maintained or repaired.

**6. RESPONSIBILITIES OF THE CONTRACTOR**

- a. The contractor shall always be responsive to the Government's repair service needs. The contractor shall perform all repair services which are ordered by the Government during the contract term.
- b. Only new, standard parts shall be used in effecting repairs. Parts which have been replaced shall remain the property of the Government, except when the Government concludes that an appropriate allowance is obtained for such defective parts.
- c. GUARANTEE. All repair work will be unconditionally guaranteed for a period of ninety (90) calendar days.

**7. MAINTENANCE RATE PROVISIONS**

- a. Contractor Costs. The Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the Government.
- b. Regular Hours. The basic monthly rate for each make and model of equipment shall entitle the Government to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the Government location.
- c. Maintenance Rates. The following Maintenance Rates apply for any maintenance ordered under this contract.

<b>MAINTENANCE RATE TABLE</b>

132-12		Minimum Charge (1 HOUR) Trip Charge Outside Service Area	\$95.72

d. Travel and Transportation.

- (1) If the ordering activity orders maintenance service in an established Contractor Service Area, the Contractor will not invoice the ordering activity for travel or transportation costs.
- (2) If the Government orders maintenance service in areas outside an established Contractor Service Area, the Contractor will invoice the Government for reasonable travel and transportation costs required for travel to and from the Government site. The prices charged will not exceed the Government JTR per diem rates at the Government location plus the actual costs of air transportation. If automobile travel is used, the Contractor will charge the then prevailing standard Government mileage rate. Estimates of travel costs will be provided to the Government at the time of the order.

e. Quantity Discounts. Quantity discounts may be available for maintenance services if the Government orders maintenance for multiple equipment items owned and/or leased by a Government agency. These discounts are negotiated on a case-by-case basis depending on the location being served.

**8. REPAIR RATE PROVISIONS**

a. CHARGES. For Black Box products out of warranty, repair services are available upon return of the product, shipping prepaid, to the Lawrence, PA factory. Repair price is calculated at 30% of the current list price.

b. TRAVEL OR TRANSPORTATION

(1) AT THE CONTRACTOR'S SHOP

- (a) When equipment is returned to the Contractor's shop for adjustments or repairs which are not covered by the guarantee provision, the cost of transportation, packing, etc., from the ordering activity location to the Contractor's plant, and return to the ordering activity location, shall be borne by the ordering activity.
- (b) The ordering activity should not return defective equipment to the Contractor for adjustments and repairs or replacement without his prior consultation, instruction and a Return Authorization (RA) Number.
- (c) Factory Repair Service: The ordering activity returns a unit(s) to BLACK BOX CORPORATION OF PENNSYLVANIA, headquarters where they are repaired, tested and returned to the ordering activity in good operating condition. The factory provides service ranging from basic repairs and upgrades through major refurbishment.

Factory Repairs: Services required to restore malfunctioning or inoperative equipment to normal working conditions.

Factory Upgrades: Services required to implement specific equipment enhancements such as the addition of an interface board to the chassis.

Services required to restore older equipment to current revision performance levels.

For products out of warranty, repair services are available upon return of the product, shipping prepaid, to the Lawrence, PA, factory. Repair price is calculated at 30% of the current list price.

Response Time: BLACK BOX CORPORATION OF PENNSYLVANIA guarantees repair turn-around time not to exceed fifteen (15) working days from the date of receipt of the product at the BLACK BOX CORPORATION OF PENNSYLVANIA factory.

## **9. REPAIR PARTS**

---

- a. Prices. For Black Box products out of warranty, repair services are available upon return of the product, shipping prepaid, to the Lawrence, PA, factory. Repair price is calculated at 30% of the current list price. All parts, furnished as spares or as repair parts in connection with the repair of equipment shall be new, standard parts manufactured by the equipment manufacturer.
- b. Guarantee. All parts, furnished either as spares or repair parts in connection with the repair of equipment, will be unconditionally guaranteed for a period of ninety (90) days.

## **10. INVOICES AND PAYMENT**

---

- a. Maintenance Service.
  - (1) Invoices for maintenance service shall be submitted by the Contractor on a monthly basis after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.
  - (2) Payment for maintenance services of less than one month's duration shall be prorated at 1/30<sup>th</sup> of the monthly rate for each calendar day.
- b. Repair Service. Invoices for repair service shall be submitted by the contractor as soon as possible after completion of the work. Payment under blanket purchase orders will be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each Government office ordering services under the contract. The cost of repair parts shall be shown as a separate item on the invoice. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)  
PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)**

**1. SCOPE**

---

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

**2. PERFORMANCE INCENTIVES**

---

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

**3. ORDER**

---

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

**4. PERFORMANCE OF SERVICES**

---

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

---

**5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

---

a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

1. Cancel the stop-work order; or
2. Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

1. The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
2. The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

c. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

d. If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

---

**6. INSPECTION OF SERVICES**

---

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007) for Firm-Fixed Price orders and FAR 52.212-4 CONTRACT TERMS AND CONDITIONS  COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I  OCT 2008) (DEVIATION I - FEB 2007) applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

---

**7. RESPONSIBILITIES OF THE CONTRACTOR**

---

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data - General, may apply.

---

**8. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

---

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

---

**9. INDEPENDENT CONTRACTOR**

---

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

---

**10. ORGANIZATIONAL CONFLICTS OF INTEREST**

---

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

---

**11. INVOICES**

---

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

---

**12. PAYMENTS**

---

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

- (1) The offeror;
- (2) Subcontractors; and/or
- (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

**13. RESUMES**

---

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

**14. INCIDENTAL SUPPORT COSTS**

---

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

**15. APPROVAL OF SUBCONTRACTS**

---

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

**16. DESCRIPTION OF IT SERVICES AND PRICING**

---

Please refer to the attached Professional Information Technology Labor Category Descriptions and GSA pricing.

## **INFORMATION TECHNOLOGY LABOR CATEGORY DESCRIPTIONS**

### **FST-1 FIBER OPTIC CABLE SPLICE TECHNICIAN**

Splices and tests fiber optic cable to manufacturer's and industrial specifications using mechanical or fusion methods; utilizes test equipment to determine signal loss, reflectivity and dispersion; generates detailed cable records and electronic or hard copy test results. Works with single mode and multi-mode fiber optic cable, splice cases, manhole racking systems, splice tray organizers, patch panels, and related connectors and hardware. Generates detailed cable records and electronic and/or hard copy test results. Requires high school diploma or equivalent and 2 years fiber optic cable splicing and testing experience.

### **PRM-1 PROGRAM MANAGER**

Directs and coordinates the efforts of project managers on multiple-site or multi-faceted projects. Develops schedules and time lines using the critical path method; identifies manpower and resource requirements; generates cost analyses and program budgets; resolves task conflicts and establishes priorities; assures compliance with federal, state and local safety and security codes. Generates periodic status reports for the customer and participates in meetings to discuss issues and progress. Requires a BS degree and 4 years project management experience, or 12 years project management experience.

### **PRJ-1 PROJECT MANAGER**

Provides overall direction and management of each task awarded under the Blanket Ordering Agreement. Supervises contractor personnel assigned to the contract. Controls and allocates all resources necessary to perform the assigned tasks, to include personnel, materials, test equipment and team tools. Sets up and monitors milestones and schedules associated with each specific task. This position requires 3-5 years of background in complex project management. Incumbents must have an in-depth knowledge of implementations issues related to the design, installations and support of a large client/server application distributed over a heterogeneous LAN/WAN environment. An undergraduate degree in Computer Science-Telecommunications from an accredited college/university is required.

### **WCT-1 WIRING/CABLE TECHNICIAN – VOICE, DATA AND VIDEO**

Installs and maintains copper and fiber optic cable distribution systems, including building pathways, vertical and horizontal plant, Main Distribution Frames (MDF), Intermediate Distribution Frames (IDF), building entrance protectors, raceways and ducts. Maintains cable plant records. Requires high school diploma or equivalent and 2 years wiring/cable experience.

### **CA-TECH-II WIRE/CABLE TECHNICIAN II**

Installation & Maintenance of Cable Infrastructure Networks; High School diploma; 3 plus years experience; Knowledgeable in all cable colors and ANSI/TIA/EIA - 568-B, 569-B, 570-A, 606-A, 607A Interfaces; Certified by manufacturer on wire/cable products; Knowledgeable reading blueprints & adhering to construction specifications. Duties include the installation of station and riser cable and termination of all station and terminal hardware.

**CA-FO FIBER OPTIC CABLE ENGINEER**

Installation & Maintenance of a Fiber Infrastructure Networks; High School diploma; Knowledgeable of termination techniques, tools, testers required in the field; Able to troubleshoot indoor/outdoor fiber cabling; Understanding of all types of connectors, Anarobic, UV, Hot melt, Unicam and the ability to fusion splice. Duties include the installation and termination of fiber optic cabling.

**CA-IDE INFRASTRUCTURE DESIGN ENGINEER**

Infrastructure Design Engineer is a designation for individuals who demonstrate expertise in the design, integration, and implementation of telecommunications (voice, data, video, audio, & other low-voltage control) transport systems & their related infrastructure components. An IDE is responsible for the detailed design of new systems &/or the integration of a design into an existing system. Must possess Registered Communications Distribution Designer (RCDD) certification which is a designation globally recognized within the telecommunications industry.

**TT-1 TELEPHONE TECHNICIAN**

Installation & Maintenance of KTS & PBX equipment. High school diploma, Basic knowledge of systems and cable network; Duties include moves, adds, and changes of existing telephone systems, installing designation strips and placement of telephone on new system installation, and station maintenance and trouble shooting.

**C-TT-2 CERTIFIED TELEPHONE SYSTEM TECHNICIAN**

Installation & Maintenance of KTS & PBX equipment & VMS ; Ports & Peripheral Equipment Set-Up ; High School diploma; Certified on system by manufacturer; 2 plus years experience. Duties include programming new system features and applications, installing new software and hardware applications, system and applications maintenance and trouble shooting

**TSDA TELEPHONE SYSTEM DESIGN ENGINEER**

Sales and Basic Design Assistance for Traditional Telephony networks; High School diploma; Certified by manufacturer on network design and system configuration; 5 plus year experience. Knowledgeable in traffic engineering utilizing Poison or Erland distribution formulas. Duties include designing new system configurations, new telecommunications networks, and new software and hardware applications.

**STE SENIOR TELEPHONY ENGINEER**

NTAC Engineer, Advanced Voice Network Design Assistance; Certified on multiple systems by manufacture; Master certification on manufacture product line. 5 plus yeas experience. Duties include designing new system configurations, new telecommunications networks, and new software and hardware applications.

**CSDA SENIOR SYSTEM DESIGN ENGINEER**

Consulting, design, and design management of converged voice/data networks. College Degree with engineering emphasis; Knowledgeable in traffic engineering utilizing Poisson or Erlang distribution formulas. Duties include working with senior customer management to design and implement multimode networks, VOIP applications, and advanced system features and applications. Provides long term direction to the customer in telecommunications trends and applications.

**TFSE-1 TELECOMMUNICATIONS FIELD SERVICE ENGINEER 1**

Installation & Programming of Voice/Data Networks , Advanced Voice Mail and IVR Systems, and Computer Telephony Integration (CTI) Applications; , High School Diploma; 1-5 years Network, VM/IVR and or CTI experience. Duties include the management and implementation of advanced telecommunications systems and applications and trouble shooting recurring system and software problems.

**TFSE-2 TELECOMMUNICATIONS FIELD SERVICE ENGINEER 2**

Installation & Programming of Voice/Data Networks , Advanced Voice Mail and IVR Systems, and Computer Telephony Integration (CTI) Applications; , High School Diploma; Manufacture certification on all applications; 5 plus years Network, VM/IVR and or CTI experience. Duties include the management and implementation of advanced telecommunications systems and applications and trouble shooting recurring system and software problems.

**NET-1 IT NETWORK TECHNICIAN**

Installation, Configuration, and Management of Data Networks (incl. Servers, Clients, VoIP, VoFR, TCP/IP, ATM) ; High School Diploma; Entry level IT Network Technician; 1-5 years experience. .Duties include design, implementation and trouble shooting of computer based systems and applications such as unified voice mail, VOIP applications and CTI applications

**NET-2 IT NETWORK ENGINEER**

Installation, Configuration, and Management of Data Networks (incl. Servers, Clients, VoIP, VoFR, TCP/IP, ATM); Certified on Active Voice and Cisco Unity Voice Mail System: High School Diploma required; College level courses preferred; 5 plus years experience. MCSE/CCNA or equivalent required. Duties include design, implementation and trouble shooting of computer based systems and applications such as unified voice mail, VOIP applications and CTI applications

**D-PJM DATA PROJECT MANAGER**

Overall management responsibility for individual projects up to 250 stations to include network design-build & support, estimating, project & work scheduling, billing, material ordering & customer interface; Provides Leadership and Manages Installation Team(s) and Resources, Coordinates installation/project with Customer, Prepares and monitors project plans, and responsible for development, execution, and delivery of project deliverables; High School Diploma; Good working knowledge of Word, Excel, and Microsoft Project for Windows; Knowledgeable in Infrastructure, Trunking and Systems; good verbal and written communications skills;

**D-PM DATA PROGRAM MANAGER**

Overall management responsibility for multi-node projects or individual projects greater than 250 stations to include network design-build & support, estimating, project & work scheduling, billing, material ordering & customer interface; Provides Leadership and Manages Installation Team(s) and Resources, Coordinates installation/project with Customer, Prepares and monitors project plans, and responsible for development, execution, and delivery of project deliverables; High School Diploma; Good working knowledge of Word, Excel, and Microsoft Project for Windows; Knowledgeable in Infrastructure, Trunking and Systems; good verbal and written communications skills;

**CSR CUSTOMER SERVICE REPRESENTATIVE**

Self-explanatory, Includes On-Site Help Desk Support; High School Diploma; Good written and verbal communications skills; good organizational skills; Computer skills; Knowledgeable in Word, Excel, and Power Point;

**TT TELEPHONY TRAINER**

Conduct training for customers at the station user and administrator level; High School Diploma; Manufacture training on system and station features; Good written and verbal communications skills; good organizational skills; Computer skills; Knowledgeable in Word, Excel, and Power Point;

**CTI-TT CTI APPLICATIONS TRAINER**

Conduct training for customers at the station user and administrator level; High School Diploma; Manufacture training on system and station features; Good written and verbal communications skills; good organizational skills; Computer skills; Knowledgeable in Word, Excel, and Power Point; Certified by manufacture on CTI /VM Systems and Features

**USA COMMITMENT TO PROMOTE  
SMALL BUSINESS PARTICIPATION  
PROCUREMENT PROGRAMS**

***PREAMBLE***

Black Box Corporation of Pennsylvania provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

***COMMITMENT***

- To actively seek and partner with small businesses.
- To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.
- To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.
- To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.
- We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact:

*The following is a SUGGESTED Blanket Purchase Agreement (BPA) format*

**BEST VALUE  
BLANKET PURCHASE AGREEMENT  
FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) \_\_\_\_\_.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Signatures

\_\_\_\_\_  
Agency Date

\_\_\_\_\_  
Contractor Date

BPA NUMBER \_\_\_\_\_

**(CUSTOMER NAME)  
BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) \_\_\_\_\_, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

- (1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:  

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
--------------------------	-----------------------------

- (2) Delivery:  

DESTINATION	DELIVERY SCHEDULES / DATES
-------------	----------------------------

- (3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.

- (4) This BPA does not obligate any funds.

- (5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.

- (6) The following office(s) is hereby authorized to place orders under this BPA:  

OFFICE	POINT OF CONTACT
--------	------------------

- (7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

- (8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of Shipment.

- (9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

- (10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

**BASIC GUIDELINES FOR USING  
“CONTRACTOR TEAM ARRANGEMENTS”**

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract. Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.
