

## Profile

Trust, innovation, and experience drive Black Box's journey as the Premier Global Digital Infrastructure Solution Integrator.

Black Box (NSE: BBOX and BSE: 500463) is a trusted IT solutions provider delivering cutting-edge technology solutions & products and world-class consulting services to businesses around the globe.

To accelerate business outcomes, differentiated solutions across Connectivity Infrastructure, Enterprise Networking, Modern Workplace, and Cybersecurity are delivered through a Global Delivery model across Managed and Professional Services.

The Technology Products portfolio transforms operations for businesses with innovative products and solutions across AV, IoT, KVM, Networking, Infrastructure, and Cables.

The breadth of global reach, continuous innovation, and depth of expertise accelerate customer success by bringing people, ideas, and technology together to solve real-world business problems. Since being founded in 1976, technology has changed, but the commitment to managing, maintaining, and securing the customer's Digital Infrastructure remains steadfast for enterprises to focus on their crucial business priorities.

Black Box serves clients worldwide through an expanded offerings portfolio and an extended geographical reach in 35+ countries across North America, Latin America, Europe, Asia Pacific, Middle East & Africa.

The uniqueness of being an orchestrator of technology solutions for customers across verticals is further augmented through a pool of 4000+ global representatives across on-site and offsite, including highly skilled and certified technicians and solution architects who understand and recommend technology solutions tailored to the customer organization.

Accountability and transparency, embracing global citizenship, and nurturing diversity are the value drivers of Black Box. The strive for continuous innovation anticipates the ever-changing needs of customers to accelerate their success.

Black Box delivers transformative technology solutions and seamless services in partnership with global technology leaders like Avaya, Aruba, Cisco, Commscope, Corning, Extreme, Fortinet, Genesys, HPE, Juniper, Mitel, Nutanix, Palo Alto, Poly, Trend Micro, UiPath, and Verint.
