

10 Ways

Unified Communications as a Service (UCaaS) Gives the Green Light to Teamwork & Efficiency

1 CONNECTION
Your people may be located everywhere – but with UCaaS, they're exactly where you need them to be

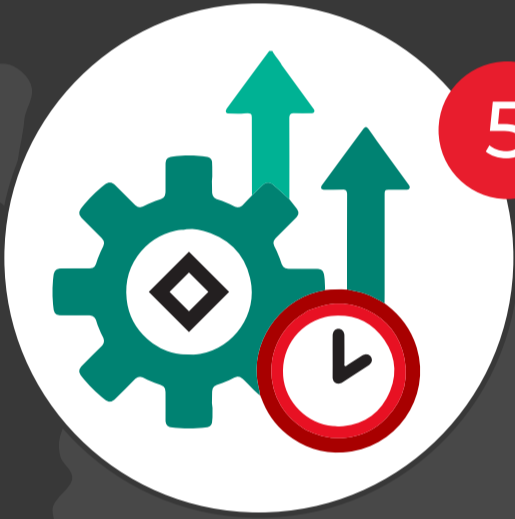

2 SECURITY
Cloud-based services protect and control who has access to your intellectual property

3 ACCESSIBILITY
One UCaaS platform keeps everyone on the go and in touch no matter what the workday brings

4 INTEGRATION
UCaaS platform consolidation streamlines and improves the workflow experience

5 PRODUCTIVITY
The right tools and information at the right time and place — to the right people — increases efficiency

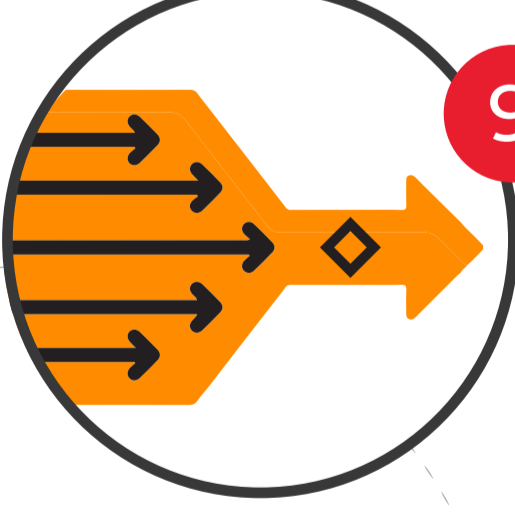

6 COLLABORATION
Real-time editing on a document-sharing platform gives everyone equal opportunity for input

7 CREATIVITY
UCaaS tools provide an expressive, cost-effective way to boost productivity and foster a healthy work/life balance

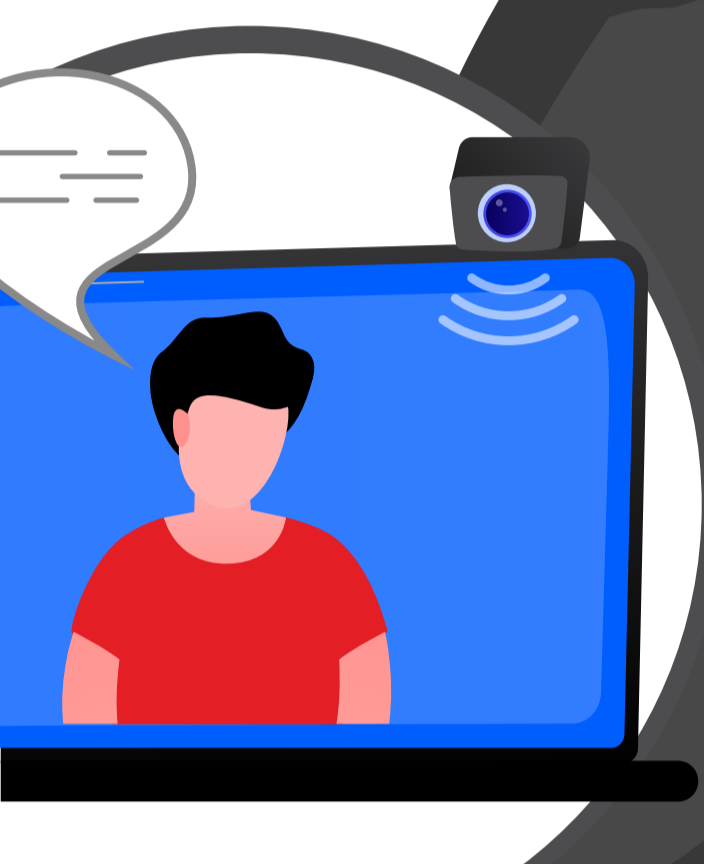

8 CONSTANCY
No matter where work happens — laptop, smart phone, or AV room — functionality is the same, which lessens training time and jumpstarts productivity

9 SIMPLICITY
Consistent, accessible, and easy to use, UCaaS frees employees to work anywhere and still feel part of the team

10 ACCOUNTABILITY
Purchase what you need when you need it without oversubscribing or compromising access to every message, file, link, and person

69% of employees surveyed by **RingCentral** say they waste more than an hour each day toggling between apps — that's 32 days squandered each year.

In the next **12 to 24** months, **Gartner** predicts 74 percent of the new unified communications licenses bought by organizations will be cloud-based.

According to **Gartner**, **74%** of CFOs and Finance leaders will move at least 5% of their previously on-site workers to permanent remote positions post-pandemic.
