BLACK BOX®

NETCENTS-2
NETOPS & INFRASTRUCTURE SOLUTIONS
CONTRACT NUMBER: FA8732-15-D-0035

NETCENTS-2 Summary:

- Provides a select group of highly qualified thoroughly experienced contractors to focus on a full range of information technology services and solutions
- Is open to all DoD and civilian agencies for both CONUS and OCONUS procurements – "No Fee" Mandatory use for Air Force
- Decentralized ordering allows Field Contracting Officers to manage processes
- Agile acquisition – reduces time and burden on Contracting Officers, brings better capabilities and services
- Allows local Contracting Officers to expedite order execution and life-cycle management of their respective order(s)
- PWS templates and ordering guide include common standards and compliance

NETCENTS-2 Ordering Process:

1) All solicitations must be published through AFWay (afway.af.mil)
2) Specific steps outline in the AF Ordering Guide (netcents.af.mil)
3) PWS templates include common standards and compliance
4) Customer Service, Contracting Officer, Staff Engineering support available
5) Use of ID/IQ contracts allows customers to write orders instead of contracts (saves contracting officer and acquisition effort)

The U.S. Air Force's Network Centric Solutions 2 (NETCENTS-2) contract consists of collection of acquisitions that have replaced the current NETCENTS contract vehicle with seven separate indefinite delivery, indefinite quantity (ID/IQ) contracts. The total value of NETCENTS-2 is $24+ billion over a seven-year period. NETCENTS-2 is managed by the AFPEO Business Enterprise Services (BES) at Gunter Annex, Maxwell AFB. Under that NETCENTS-2 NetOps and Infrastructure Solutions Full and Open ID/IQ contract structure, Black Box could provide an indefinite quantity of supplies or services through 2025 as this $5.6 billion ID/IQ contract provides a full range of information technology services and solutions.
